beccaria's influential treatise on crimes and punishments is considered a foundation work in the modern field of criminology as newman and marongiu note in their introduction to the work three master themes of the enlightenment run

through the treatise the idea of the social contract the idea of science and the belief in progress the idea of the social contract forms the moral and political basis of the work s reformist zeal th e idea of science supports a dispassionate and reasoned appeal for reforms the belief in progress is inextricably bound to the idea of science all three provide the necessary foundation for accepting beccaria s proposals it is virtually impossible to ascertain which of several versions of the treatise that appeared during his lifetime best reflected beccaria s own thought his use of many ideas of enlightenment thinkers also makes it difficult to interpret what he has written while enlightenment thinkers wanted to break the chains of religion and advocated free men and free minds there was considerable disagreement as to how this might be achieved except in the most general terms the editors have based this translation on the francioni 1984 text by far the most exhaustive critical italian edition of dei delitti e delle pene this edition is undoubtedly the last that beccaria personally oversaw and revised this new translation which includes an outstanding opening essay by the editors is a welcome introduction to beccaria and to the modern beginnings of criminology

in a world of growing interdependence crimes are no longer confined by national boundaries in this context the necessity to understand criminological developments across the globe becomes imperative this book aims to offer cross cultural perspectives of different criminological issues and criminal justice systems operating worldwide this book emphasizes the collective understanding of criminological problems from an international perspective this book is a quintessence of contemporary criminological developments with a global outlook the book is an edited volume of articles collected from criminologists all over the world it is a peer reviewed collection the chapters focuses on various criminological issues such as bullying child abuse corrections institutional and community cyber crimes corporate crime corruption costs of crime crime analysis crime prevention crime mapping and gis criminal justice systems environmental crime ethnic communal caste conflicts family violence fear of crime high tech crimes homicide human trafficking juvenile delinquency organized crime offenders including women offenders policing prisons public attitudes restorative justice sexual assault stalking theories of crime transnational crime victimology violence white collar crime and workplace violence the book aims to provide theoretical frameworks and pragmatic discussions on criminology and criminal justice it is intended for academics criminal justice professionals and graduate students who want to improve their understanding of the issues and challenges that arise when issues related to criminology and criminal justice cross national boundaries also practitioners and academics of allied fields like sociology psychology geography political science public administration and forensic sciences whose research interests include either crime criminal justice system victim or crime analysis will find this book useful à oethe comprehensive framework of this book means that it provides a rich variety of international perspectives on an array of crime and justice related issues the thirty chapters presented here are a treasure trove of insights in terms of both topical variety and approaches within topic dr jaishankar has assembled a valuable collection of readings that will find broad acceptance internationally à prof keith harries from the foreword

business improvement districts bids collect assessments and invest in local service provisions and activities such as place promotion street cleaning and public safety such activities can help reduce crime and youth violence by increasing informal social control reducing signs of disorder and blight improving order maintenance and enriching job opportunities this report examines bids impact on crime and youth violence in los angeles

research and data gathered by the un centre for international crime prevention the work combines a wealth of information about crime and justice from un member states and beyond and presents emerging crime trends and operations of criminal justice systems on a comparative basis

a punishment may not be an act of violence of one or of many against a private member of society it should be public immediate and necessary the least possible in the case given proportioned to the crime and determined by the laws beccaria was an italian economist and jurist he wrote on the currency and other economic subjects but his greatest work was his treatise on crimes and punishments first published in 1764 in which he argues against capital punishment and which established his fame as the originator of more humane methods in dealing with criminals the work was extremely popular passing through six editions within eighteen months and was translated into many european languages this premium edition comes with a beautiful easy to read layout which makes reading comfortable a short biography of the author a commentary on the book of crimes and punishments by voltaire

this book provides an examination of sexual criminality its nature characteristics dimensions and ramifications in american society the book is addressing both recognized and little known sex crimes the magnitude of such crimes sex offenders and victims theories on sexual criminality and sex criminals and the criminal justice system

explore the groundbreaking treatise that shaped modern legal thought with crimes and punishments including a new translation of beccaria s dei delitti e delle pene this essential volume prepared by james anson farrer delves into the critical subject of law reform offering a fresh perspective on crime and punishment at its heart lies a new translation of cesare beccaria s seminal work dei delitti e delle pene a cornerstone of legal history beccaria s arguments against torture and capital punishment and in favor of proportionality in sentencing sparked significant debate and influenced legal systems worldwide this book provides invaluable insight into the historical context surrounding beccaria s ideas making it an indispensable resource for anyone interested in jurisprudence criminal law and the evolution of legal thought a timeless exploration of justice and the principles that should govern the administration of law this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you
